DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 5, 6, 9 and 10 are allowed.
2. The following is an examiner's statement of reasons for allowance: In response to applicant's remarks filed 10/17/05 and the interview dated 10/24/05, the applicant persuasively argues that the combination of Oliver, Harman and Tonnby does not specifically disclose the present invention as outlined on independent claim 1. On page 3 of applicant's remarks, the applicant states that there is no disclosure or teaching that such a protocol may be used in connection with the other cited references so as to meet the specific arrangement of components within a video camera unit as set forth in claim 1. Further, in the interview dated 10/24/05, applicant contends that Harmon and Tonnby are not reasonably adapted to the analog system of Oliver.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
